

# Avila Examiner

Volume 8, No. 5

Avila College, Kansas City, MO

November 28, 1983

## Registration format focuses on student needs

If students are sometimes displeased with lengthy lines at registration, it is a minor frustration compared to that of the many staff who are part of the process. A revised program for spring semester registration is designed to provide speedy, accurate and friendly service.

Special days have been designated for each class to register before Christmas break, with general open registration slated for January. Please consult the schedule in the boxed area.

In addition to the walk-in registration times listed on the schedule, this semester will introduce a phone-in registration process for part-time students who are not receiving financial aid. Telephone registration for these students who have received prior academic advising will be Tuesday through Thursday, December 13-15, and January 3-5, 5:00 to 7:00 p.m. only.

There should be no need for long lines at registration if the classification system is

adhered to, so please register with your class or during open registration in January. The college's Registrar, Sister Jean Bink, is constantly

striving to streamline the registration process making it convenient and uncomplicated for students. Should you have questions, com-

ments or suggestions concerning the new process, please feel free to contact her office in Blasco Hall.

## Additional equipment assists students

by See Saw Heirich

The Avila computer science department has recently purchased twelve brand new, top quality microcomputers for student use.

These units are similar to the Apple home computers and with the proper instruction can be operated as easily as a pocket calculator.

Avila realizes the need for every student to have com-

puter literacy and is offering labs to students interested in becoming more proficient with basic computer operations.

Dr. Ken Beal, Director of Computer Sciences, strongly suggested that every student enroll in at least one basic computer course.

Dr. Beal stated, "Every aspect of our lives deals with

computers, and it is vital that we have some basic computer knowledge."

These labs are located in O'Rielly Hall, rooms 104 and 105.

Dona Neuman, Chair, Department of Social Sciences, encouraged anyone to visit the labs and work with the computers. Aside from the labs, there are courses of-

fered in Computer Science that can be taken for credit.

Mrs. Neuman stated, "Although Avila does not offer a computer science major yet, the staff is doing their best to ensure that the present program is kept updated."

As the need increases for more computers, Avila will see to it that the department is outfitted with the neces-

sary equipment.

Looking to the future, Avila strives to prepare it's students for the ever competitive, high technological business world.

For further information about lab times and course offerings, contact: Dr. Beal, Mrs. Neuman, and computer faculty members, Sister Adele Marie Rothan and Loye Hendrickson.

## Gallery to feature Ethnic crafts sale

Avila College celebrates this year the twentieth anniversary of the campus in south Kansas City at 11901 Wornall Road. As part of the celebration an exhibition, *Holiday Celebration of the Arts: Ethnic Crafts*, will be featured in the Thornhill Art Gallery, Whitfield Centre, from December 5-16. A reception to honor the ethnic groups participating in the exhibition is scheduled for Wednesday, December 7

from 4-7 p.m. The gallery will be open at that time to view the objects on display which include handmade ornaments and decorative arts. All items are for sale.

Ethnic groups participating in the exhibition are the Hmong, Scandinavian, German, Ukrainian, and Russian. The Ethnic Enrichment Committee, commissioned by Mayor Berkley, will also sell a cookbook of ethnic recipes.

## Hoffman, Lange star in comedy; 'Tootsie' ends semester series

by Linda Morris

"Tootsie" is coming to Avila on December 2 at 7:00 and 9:15 p.m. in Marian Centre Lounge. Starring Dustin Hoffman and Jessica Lange, this blockbuster film is sure to keep you in stitches.

Hoffman plays an out of work actor whose life undergoes a drastic change when

he puts on a dress and becomes a popular soap opera actress.

Problems arise for Hoffman, though, when he falls in love with his female co-star and her father falls in love with him!

Come see the hilarious situations "Tootsie" runs

into as a man impersonating a woman. This is a wonderful comedy you will not want to miss.

Funded through the Student Union Board, these films are free to Avila students, faculty, their friends, and guests.

## Stress lecture Tuesday night

by Jeff Klenklen

In today's fast paced world stress has become a part of our everyday existence.

High levels of stress benefit no-one. In response to these facts the Student Union Board, Special Events Committee will sponsor a stress lecture, to be held on November 29 at 7:00 p.m. in the Marian Centre Lounge.

The lecture will be given by Mrs. Nancy Olthoff, who has a Masters Degree in Counseling Psychology.

At the lecture students

and faculty can learn how to cope with their stress more efficiently, by first understanding what causes stress, and by understanding how we perceive it.

You will also be exposed to methods of dealing with stress, and will have the opportunity to actively participate in a stress reduction technique.

Also there will be time for discussion, and for any questions you may have concerning the topic.

## Christmas

# A message of peace, joy

by Sr. Patricia Gillespie

The snow is falling. The children are in bed. The fire is in the fireplace. The silence of this winter's night speaks to all Christians a message of peace, love, and joy; a reverence for the memory of Christ's birth and the daily re-birth in our hearts and lives.

Christmas is traditionally a time of giving and receiving. In all the activity and excitement of the holiday it is easy to lose sight of the real meaning of this day of celebration.

The word Christmas hypenated becomes Christ-mas or Christ's mass. The mass is a Eucharistic sacrifice, a

coming together of Christians to give thanks and praise as a community of believers for the greatest of all gifts: Christ Among Us.

The birth of Christ is a part of the history of mankind. Since the coming of Christ, the history of mankind has changed. Each of us has received the gift of Christ himself. Each of us has been called to Eucharist, to union, to celebration of our gift of life in Christ.

Yes, Christmas is a time to celebrate. Let us celebrate the life of Christ in the falling of the snow, the fire in the fireplace, the silence of the night, the laughter and ra-

diance of the children but most of all in the presence of Christ within the hearts of those with whom we celebrate. This is the message of Christmas, a message of peace, love, and joy.

Times of celebration require periods of preparation. The opportunity to prepare for the coming of Christ will be available on Tuesday, December 6, at 4:00 p.m. A Forgiveness Service will be held in the chapel in Foyle Hall. The opportunity to individually receive the Sacrament of Reconciliation will also be available at that time.

## Student Government highlights Senators Green, Reardon

### Pam Green

Pam Green is the Senator from the Education/Psychology Department. The senior from O'Fallon, Illinois, is majoring in Special Education, and minoring in biology. She works in the audio-visual room of the library.

"I enjoy taking an active part in school. I enjoy working with other people for the betterment of the school atmosphere," Pam says.

As chairperson for the Leadership Development Committee, which she started last year, Pam has organized fundraisers to raise money for an award for an incoming freshman who shows outstanding leadership and academic qualities.

The award will count \$500.00 a year toward Avila tuition, Pam said, and is an opportunity for an incoming freshman to find out about student government and the campus.

Pam is also trying to work up a club for education/psychology majors as a means of support for one another, and as a vehicle for sharing information.

Pam Green

"I wanted to learn more about Avila, and you learn a lot in student government," Pam says.

### Danny Reardon by John B. Hayes

Danny Reardon, a 19 year old Speech-Theatre major, serves as the Performing and Visual Arts Senator for ACSG. Danny is a graduate of O'Hara High School in Kansas City, and chose Avila because of its small-school closeness, and the excellent theatre department.

Danny joined ACSG with the purpose of getting all PAVA students involved in student government. This includes art, performing arts, and communication majors, as well as speech-theatre majors.

Danny Reardon

He considers himself someone to whom the student body can come with their problems and suggestions. Through his position, Danny would like to create a stronger student-faculty awareness.

He feels that Avila as a whole is more important than the different departments existing separately. Danny hopes to become a drama teacher rather than a professional performer. By teaching, he can help others and make an impact.

Danny elaborated with, "I don't think I could go through my life without making an impact, however small on the world. Through my performances and my future career in teaching, I can help someone learn about themselves and others."

### STUDENTS:

If you are unavoidably absent from a final week session, you are to arrange with your instructor to make up the work as soon as possible.

## Library features Audio-visual room

The Audio-Visual room in the library is one of the most underutilized campus resources. Included among the equipment students may use are various types of filmstrip viewers, tape recorders, and a super-8 film cartridge loop.

A two-speaker stereo-record player with a tape recorder in which students may play the library's or their personal record collections is also available.

Equipment to read the 152 current periodicals the library receives on microfilm compose the microfilm reader

and the reader-printer which duplicates microfilm and microfiche.

Students may view all audio-visual materials in the A-V room but only instructors can check them out. Students may, however, check out records for seven days.

A listing is being prepared which will detail the A-V materials of use for each academic department.

If students wish to use the A-V room and it appears to be closed, they may ask at the front circulation desk to gain admittance.

Six weeks after the close of the semester (after Jan. 28, 1984) an incomplete grade will remain and cannot be changed to a standard letter grade. Change of Incomplete Grade Forms are available in the Registrar's Office. There is a fee of \$5.00 to change an Incomplete grade.

## Students combine Christmas list efforts

### Dear Santa,

How are you? We're fine. We have been working so hard this semester you wouldn't believe it. So do you think you could find it in your heart to give us a few presents?

All we want is an island in the Bahamas, a million dollars, a sailboat, for girls to be allowed to go into boys' dorm rooms, more student involvement in clubs, more nice clothes, to lose weight,

something from Tiffany's, a Japanese raccoon fur coat, nice weather for travelers, a New Yorker, jewelry and shoes, the abandonment of communism, a 1984 red Corvette with a red interior, muscles and mustache like Tom Selleck's, three weeks off work with pay, a trusting society, a semester off with pay, free tuition at Avila, for all sports teams to be the best in the country, straight A's for my first semester in

college, straight A's for my last two semesters in college, learn how to play the piano well, a Honda Accord, a Rabbit, a Ferrari, improvement in the economy so we can get jobs after graduation, and the end of the threat of nuclear war.

**Most importantly though, Santa Claus, give us PEACE ON EARTH.**

Love,  
Avila

# Thanksgiving tournament Features four teams

by Avila Sports Information

## Men's Basketball

Tomorrow night Avila will be going for its third win of the season when it travels to Mid-America Nazarene.

Over Thanksgiving break the Avalanche hosted Park, Peru St. and Missouri Valley in the Avila Tournament.

On Friday night the opening game featured Park against Peru St. The 8:00 game matched Avila against Missouri Valley. Saturday night's 6:00 game paired the losers from Friday's games while the 8:00 game matched the winners. Following

the last game, 1st and 2nd Place trophies were presented along with the All-Tournament team.

In the William Jewell Classic Avila finished with a split decision, downing Benedictine 83-56 and falling to Ottawa 69-49.

Against Benedictine Avila was 28 of 55 from the floor and 27 of 39 from the free throw line. The Avalanche outrebounded the Ravens 31-30. Avila's Tom Bodenstab led all scorers in the game with 22 points.

Ottawa overcame Avila's halftime lead by outscoring the Avalanche 39-18 in the second half. In the game

Avila managed to shoot 39% from the floor. Bodenstab once again led Avila's scoring with 13 points followed by Mike Mount with 12 and Tom Saunders with 11.

## Women's Basketball

Avila will be looking for its first win of the season Tuesday night when it hosts William Jewell. The Jewell game will start a busy two-week schedule for Avila that will wind up first semester play.

UMKC and Rockhurst handed Avila losses in its first two games of the year. The Lady Kangaroos ran by Avila 90-44 while Rockhurst pulled away in the second half 70-37.

# District finals end soccer season; Avalanche marks 13-4-2 record

## 1983-"The Year in Transition"

The Avila Soccer express came to an abrupt stop as the Avalanche lost to the #4 ranked Rockhurst Hawks 2-1 in the District 16 Finals. Even though Rockhurst was rated in front of the 12th ranked A.C. Soccer team, the criteria for seeding in the District put Avila as the #1 seed, Rockhurst at #2, Harris Stowe #3 and Missouri Baptist #4. In the semi-finals, Avila handed Mo Baptist their worst loss of the year with a decided 3-0 victory. Rockhurst blasted Harris Stowe 5-0 in the other semi-final. The two Kansas City schools squared for the second time in 1983 at Avila; the first encounter finished with a 0-0 tie.

The Avalanche totally dominated the first half of play, but failed to capitalize on numerous scoring opportunities and came away with only a one goal lead on a Neil Kelly penalty kick at the 34 minute mark.

Rockhurst took control of the second half and scored on a defensive mistake midway through the second half.

As the game seesawed from 18 to 18, an apparent crossed from the corner of the penalty area hit Avila stopper back in the stomach as he charged the ball. Goalkeeper Tom Hampel, anticipating the cross, moved out of the far post as the de-

flected ball rolled harmlessly into the near corner of the Avila net.

Shortly after Rockhurst took the lead, midfielder Neil Kelly was ejected from the game with about 12 minutes remaining.

The Avalanche again took control of the game and the apparent equalizer, off a head ball by Ken Bromeyer, and cleared from behind goal line was not seen by the linesmen.

The loss left the Avalanche with a respectable 13-4-2 record and ranked 16th in the final season national poll.

## "Year in Review"

This "year in transition" became more successful than most realized. A.C. only returned six players from last year's #1 ranked team, and also had a new coach. After a slow start and a change from the three back system to the four back system, rekindled memories of the previous year, as Avila went on a ten game unbeaten string, in which only two goals were scored by the opposition. Coach Scott Ferris comments, "it would have been easy for this team to fold up shop after the slow start, and a change in the philosophy of trying to outscore our opponents to shutting them out defensively, took time for them to accept.

As the players gained confidence in their style of play, we became a very tight unit and played better than any team I have ever coached or played on. I'm very proud of the effort made by this group of young men."

## "Looking Ahead"

The Avalanche will be graduating co-captain Tom Hampel and starting midfielders, Scott Huber and Larry Larson, all key elements to this year's success story. However, the 1984 outlook is bright; Avila returns its entire defense and offensive lines completely and will have the services of Junior College All-American, Darren Jones, who was red-shirted the past season. Darren is a center forward.

## "Hampel, Defense Earn Recognition"

Goalkeeper, Tom Hampel and the Avila defense have earned national recognition for outstanding performances this past season. Hampel finished the season tied for second as the N.A.I.A.'s leading goalkeeper as he only allowed a total of 7 goals and posted 10 shutouts. The Avila defense, led by Hampel and All-American candidate Craig Kasten, finished thirds in the N.A.I.A. rankings.

# Christmas festivities in Kansas City Include 'Nutcracker' performances

# Volleyball ups, downs

Tama Sadler (left) and Ella Shoates exhibit Avila teamwork at the October 27 volleyball match against District 16 power William Jewell College.

Kathy Hale makes a heroic dive to save a spiked ball in a close match which William Jewell took in straight games 17-15, 16-14, 15-9.
